

The latest news on what's powering our neighborhoods

Mail piling up this holiday season?

Switch your account to paperless billing and never receive a paper bill from PSE again. That's right, sign up for paperless billing and you'll receive your PSE bill notification by email. Securely make payments online using your credit or debit card saving you time, postage and a tree. It's the quickest and most convenient way to pay your bill.

Switch to paperless billing today at pse.com/paperlessbill.

There's no fee for paying online and it's available 24 hours a day, seven days a week. Still not convinced? Try it risk free. If you're not happy with paperless billing, you can switch back to paper statements at any time.

Support local projects working to reduce carbon dioxide

Want to improve the environment, but uncertain where to start? Participating in the Carbon Balance program lets our natural gas customers purchase third-party verified carbon offsets from local projects that work to reduce or capture greenhouse gases—so you can help an organization in our own backyard.

Starting at \$4 per month you can make an impact by offsetting the equivalent of removing 400 pounds of CO₂ from the environment. To sign up: pse.com/carbonbalance.

Help those in need

Consider donating to The Salvation Army Warm Home Fund, which provides short-term, emergency bill payment assistance to PSE customers facing financial difficulties. To donate, include a little extra in your next PSE bill payment and specify the donation amount on your payment stub or when you pay online.

Know the signs of a natural gas leak

You can usually detect natural gas from an odor of sulfur or rotten eggs, though it may smell differently to you. But there are other tell-tale signs, especially outdoors: bubbles escaping through a puddle, dead vegetation where you wouldn't expect it, and dirt blowing up from the ground. Natural gas is lighter than air and will rise, and can be ignited by a spark from flipping a light switch. If you detect gas, don't hesitate! Leave the area, then call PSE at **1-888-CALL-PSE**, or call **911**.
